FORMAT: PASTE

FEATURES	BENEFITS	
FEATORES	DENETIIS	
Good Environmental Choice Australia Certified Product	This product has been independently certified as meeting the requirements of Good Environmental Choice Australia PCPv4.1i-2013 Personal Care Products Standard. See www.geca.eco.	
Highly effective solvent-free formula	Specially formulated with mild, skin friendly ingredients to provide the same level of cleaning performance normally associated with solvent based products for general heavy duty cleansing.	
	Effectively removes ingrained oil, grease, carbon black and lubricants.	
Contains emollients	To help prevent drying, leaving the skin feeling smooth after use.	
Contains Eucornol® emulsifying active	Forms micelles that increase skin compatibility by emulsifying and encapsulating substances, helping to reduce their potentially irritating effect.	
Contains Astopon® natural scrubbing agent	Astopon is produced from refined walnut shell powder, a natural and renewable source. It helps provide a deep clean without damaging the skin and has no negative impact on the environment. The scrubbing agent is easily rinsed away, preventing blocked drains and pipes.	
Soap-free formulation with skin friendly pH value	Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.	
Silicone-free	Suitable for use in any production sites where paint and surface coating processes are undertaken.	
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.	

Solopol® Classic

Solvent-free Heavy Duty Hand Cleansing Paste

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/au/sds.

SHELF LIFE

This product has a shelf life of 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

CERTIFICATION

The Good Environmental Choice Australia Ecolabel certification scheme is Australia's leading environmental certification program. GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the Ecolabel trade mark are certified environmentally preferable by GECA.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

COMPATIBILITY TESTS

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Solopol¹/₂₀ Classic in rubber production process does not influence the cohesive strength of rubber.
