PRODUCT INFORMATION SHEET

STORM

WATER CONDITIONER and SANITISER

DESCRIPTION

Storm is a concentrated water softening agent suitable for hard water areas.

Brightens the washload and acts as a high level sanitiser that is very effective against dangerous spores.

AREAS TO USE

Laundry Washing for articles such as towels, sheets, linen, blankets etc.

DILUTION INSTRUCTIONS

A nominal concentration of 1 in 800 throughout, depending on water conditions. Double that concentration for every 200 ppm Total Hardness (expressed as CaCO₃).

Not to be used manually, use through automatic dosing systems only.

Do not mix with any other chemical.

DISPENSING INSTRUCTIONS

Use in conjunction with an automatic chemical dispensing unit.

SAFETY

Classified as HAZARDOUS according to the criteria of worksafe Australia .

Harmful if swallowed;

Keep out of reach of children

Carefully read the Material Safety Data Sheet (MSDS) before using this product.
